

Stober Glass Guard

Formulation Details:

Hyperconcentrate Concentrate Ready to Use

1. IDENTIFICATION OF THE MATERIAL AND SUPPLIER

Product Name: Stober Glass Guard (Protectant and Guard) | **ITEM**

CODE: StoberGlass-G

Application | Use: Glass Protectant and Guard

Company Details: Anotec Environmental Pty Limited
112 Dunheved CCT St Marys
NSW 2760

Telephone number: +612 9700 1222 or +61288609658
Facsimile number: +612 80721398
Emergency number: +61419636877

2. HAZARDS IDENTIFICATION

Human health hazards: Acute
Eye Contact: Not harmful, may cause discomfort and redness
Inhalation: Available data indicates that this product is not harmful
Skin Contact: Will not burn, may cause temporary redness
Ingestion: Discomforting to the gastrointestinal tract. May cause nausea.

3. COMPOSITION | INFORMATION ON INGREDIENTS

Chemical Description:	Name	CAS#	% Conc.
	Alcohol	64-17-5	<10%
	2-Butoxyethanol	111-76-2	<5%
	Non-Ionic Surfactant	127087-87-0	<1%
	Stober Particle	N/A	<10%
	Water	7732-18-5	Balance

Hazardous Ingredients: This product is not classified as hazardous based on evaluations made by Anotec in accordance with the National

Stober Glass Guard Protectant and Guard

Hyperconcentrate Concentrate Ready to Use

Code of Practice for the Preparation of Material Safety
Data Sheets 2nd Edition [NOHSC:2011(2003)]

4. FIRST AID MEASURES

General Information

No adverse effects have ever been reported or are expected when using this product. However, please follow the directions in this section for first aid if required. Call Poisons Information Centre on 13 1126 (Australia wide only)

Mouth:	Rinse mouth with water. Do not induce vomiting.
Eyes:	Hold eyes open and flush with warm water for 15 minutes.
Skin:	Wash off with plenty of water and wipe dry.
Inhalation:	Not an inhalation risk. If concerned simply remove to fresh air.
First Aid Facilities:	Eye bath and access to water facilities / safety shower
Advice to doctor:	Treat symptomatically for detergent.

5. FIRE FIGHTING MEASURES

General Information

Not explosive, not auto-flammable, not flammable. This product will not burn or ignite.

Flammability:	Non-flammable. May evolve toxic gases if strongly heated
Fire & Explosion Hazard:	Non-flammable. No fire or explosion hazard exists
Extinguishing:	Non-flammable. Prevent contamination of drains or waterways.
Hazchem Code:	None allocated

6. ACCIDENTAL RELEASE MEASURES

General Information

If spilt, this product is slippery. Restrict access to the area of the spill until completion of clean-up. Stop leak if safe to do so.

Spillage:	If spilt (bulk), wear splash goggles and PVS/rubber gloves. Absorb spill with sand or similar and place in sealed containers for disposal. Wash spill site down with water. For small amounts, dilute with water and flush to sewer. Caution: surfaces may be slippery.

7. HANDLING & STORAGE

Handling:

Store in a cool dry place away from food stuffs. Keep containers closed when not in use. Check regularly for any leaks. Store chemical in original container. DO NOT mix with other chemicals. Use of this product outside the scope of intended use is strictly prohibited. KEEP OUT OF THE REACH OF CHILDREN.

Storage Conditions:

Store in a dry cool place. Do not mix with or pour into other chemical containers. Keep in original container with cap securely fastened. Avoid eye or skin contact. Observe good personal hygiene, including washing hands before eating. Prohibit eating, drinking and smoking in contaminated areas.

8. EXPOSURE CONTROL | PERSONAL PROTECTION

General Information:

Not a hazard in normal use or when used as intended. Gloves and, in some case, splash goggles are generally required. The following information is in the unlikely event that workers will be handling this product continuously or for long periods of time throughout the day.

Occupational Exposure Limits:

None

Engineering Measures:

General ventilation is recommended

Respiratory Protection:

None required when product is used as intended

Hand protection:

Anotec recommend the use of rubber gloves for prolonged use or when used undiluted. Ensure adequate ventilation at all times.

Skin protection:

Standard protective clothing

Eye Protection:

Safety glasses may be worn to prevent accidental eye contact (splashing).

Hygiene Recommendations:

Keep an eye wash fountain or eye bath bottle available. Keep a safety shower available. Wash hands at breaks and at the end of the shift. Launder clothes regularly.

9. PHYSICAL & CHEMICAL PROPERTIES

General Information

The following physical properties are typical values for this product.

Physical Form:	Liquid
Colour:	Clear Blue
Odour:	Odourless
Flash point:	None
Specific Gravity:	0.98 – 1.02
Solubility in Water:	Complete
pH:	8.5 – 9.5
Boiling Point:	~100°C

10. STABILITY & REACTIVITY

Stability:	Stable under ambient conditions
Conditions to avoid:	Avoid extremely high temperatures (>60°C)
Materials to avoid:	Strong oxidising agents and acids (such as hydrochloric acid)
Hazardous decomposition products:	If involved in a fire, oxides of nitrogen and oxides of carbon

11. TOXICOLOGICAL INFORMATION

ACUTE

Ingestion:	No effects are known
Eye:	Redness & discomfort
Skin:	May cause mild irritation
Inhalation:	May cause mild irritation

CHRONIC

Ingestion:	No effects known or reported
Eye:	Severe injury if not treated
Skin:	May cause skin irritation untreated
Inhalation:	No effects known or reported
