GREEN & CLEAN.

Technical Data sheet

Spritz Spray & Wipe solution

Natural Enzyme Technology

Introduction

Introducing our revolutionary **Spritz** enzyme-based spray and wipe solution, specifically formulated to make your cleaning routine more efficient and effective. With a powerful 10 to 1 dilution ratio in water, our product offers unparalleled cleaning performance while being environmentally friendly. Here are the key benefits of using our enzyme-based spray and wipe:

- **Superior Cleaning Power:** Our enzyme-based formula is designed to break down and remove tough stains, grime, grease, and organic matter effortlessly. The powerful enzymes work on a molecular level, providing deep cleaning action that traditional cleaners may struggle to achieve.
- **Environmentally Friendly:** As part of our commitment to sustainability, our spray and wipe solution is biodegradable and non-toxic. By utilizing enzymatic action, it minimizes the need for harsh chemicals, reducing the environmental impact and making it safe for use around people, pets, and plants.
- **Cost-Effective:** The 10 to 1 dilution ratio means you can create several batches of cleaning solution from a single bottle, saving you money in the long run. Each diluted portion retains the same cleaning potency, ensuring you get maximum value without compromising on performance.
- **Versatile Applications:** Our enzyme-based spray and wipe are suitable for a wide range of surfaces, including countertops, glass, stainless steel, tiles, wood, and more. Whether you need to clean your kitchen, bathroom, or office space, this all-purpose cleaner is up to the task.
- **Time-Saving Convenience:** The spray and wipe design allows for quick and easy application. Simply spray the solution on the surface, let the enzymes work their magic, and then wipe away the dirt and grime. This streamlined process saves you time and effort, making cleaning a breeze.
- **Odour Elimination:** Enzymes are effective at neutralizing and eliminating odours caused by organic materials. Say goodbye to unpleasant smells and hello to a fresh and clean environment.
- **Enhanced Stain Removal:** Enzymes have unique abilities to target specific stains, including protein-based stains like food spills, pet accidents, and more. The enzymatic action helps break down and lift stains from surfaces, leaving them spotless and looking brand new.

Embrace the power of enzymes with our 10 to 1 dilution **Spritz spray and wipe**. Make cleaning a more pleasant and effective experience while contributing to a greener planet. Say hello to a cleaner, fresher space with our environmentally conscious cleaning solution today!

Typical Applications

- Countertops
- Glass and mirrors
- Stainless steel
- Tiles and grout
- Wood surfaces
- Ceramic surfaces
- Laminate surfaces

Advantages

- Superior cleaning power with enzymatic action
- Biodegradable and non-toxic, environmentally friendly
- Cost-effective 10 to 1 dilution ratio
- Versatile application on various surfaces
- Time-saving and convenient spray and wipe design
- Effective Odour elimination
- Enhanced stain removal for protein-based stains

Typical Physical Properties

These properties are typical and should not be considered specification

Appearance	Clear Liquid. Amber in colour
Odour	Fresh, Pleasant fragrance
Density	1.02 g/L
Solubility in H ₂ O	Complete
pH	7.0 – 8.0 (neutral)
Boiling Point	105°C

Technical Data sheet

Methods of Application

1. Dilute Spritz Spray & Wipe with water at a 10 to 1 ratio (1 part Spritz to 10 parts water) in a suitable spray bottle or container. Can be used straight.
2. Shake well before use.
3. Spray the diluted solution directly onto the surface to be cleaned.
4. Allow the enzymes to work for a few moments, depending on the level of dirt and stains.
5. Wipe away the solution and dirt with a clean cloth or sponge.
6. For heavy stains, repeat the process if necessary.

Packaging

1L Spray, 5L, 20L, 200L and 1000L

Shelf life

12 months from manufacturing date – store in cool and dry area and do not exceed temperatures of 35°C and R.H 80%

Disposal

In accordance with all local and state laws for disposal.

Safety

Classified Non dangerous goods material. It is recommended that the handling instructions outlined in the **Safety Data Sheet and label be followed.**

Keep out of reach of children and pets.

Avoid contact with eyes. In case of accidental eye contact, rinse thoroughly with water.

If swallowed, seek medical attention immediately and provide the label or Safety Data Sheet (SDS) to the medical professional.

FIRST AID: Eyes - If eye contact occurs, flush thoroughly with water and seek medical advice. Skin - If signs of swelling, rash or irritation occur on skin, wash area with soap and water and discontinue use. Swallowed - If swallowed rinse mouth out with water.

If needed, for advice, contact the Poisons Information Centre (**Australia 131 126, NZ 0800 764 766**) or contact your local doctor or hospital.
